

Daniel Safranchik

*Israel Institute of Materials
Manufacturing Technologies,
Technion R&D Foundation*

Address: Technion City, Haifa, Israel 3200003

Tel: +972-52-8851210

Email: Danis@trdf.technion.ac.il

Website: imt.technion.ac.il

Biographic Notes: Daniel Safranchik (M.Sc., MBA) is the managing director of the Israel Institute of Materials Manufacturing Technologies (IMT), part of Technion R&D Foundation, which is owned by the Technion (Haifa, Israel). The Technion's IMT is an applied research institute which is located in the interphase between academic research and industrial development. The institute has 55 full time employees and research assistants (undergraduate students from different engineering departments) and wide variety of semi-industrial materials production capacities. As the director of the IMT, Mr. Safranchik is leading industrial projects (in medium-high TRL's) with different industries in Israel and abroad, many of them are in the aerospace sector.
